New for 2017

- 2017 will be the summer of philosophies. At BOSS, we have noticed that over the years, some students are becoming more interested in their mobile phones than people and their surroundings. Therefore, we will be introducing the “My name is...” philosophy and teaching our students to understand the importance of looking at someone straight in the eye, shaking hands and saying “Hello! My name is...”
- The BOSS Bear! Watch this space!

Welcome

It's easy to see why kids and teens would want to spend their summer at Buckswood Overseas Summer School (BOSS). It's an experience of a lifetime that offers more than meets the eye! Of course our English lessons are extremely important but so too is the thrill of trying new activities and visiting new places. The friendships that are made make it such a special experience for our students.

Here at BOSS, we take pride in helping to shape the lives of our students and, by encouraging confidence through experience, we allow them to challenge themselves through excitement and adventure as well as developing social and life skills in a happy and pleasant environment.

BOSS is not only about experiencing new things and shaping lives, it is also about having lots of fun and being able to take your stories home to share with your friends and family. Our campus is an amazing place, full of life, activities and energy! Who wouldn't want to spend their summer at BOSS?

Courses

Spring Course: 2nd to 22nd April 2017

Summer Course: 2nd July to 19th August 2017

BOSS courses, for students aged 8 to 17, are designed to get the most out of our students both socially and academically. With 20 hours of English per week, our academic programme will push you to work hard at improving your English in the mornings while our fabulous Activity and Excursion Programme will offer you the opportunity to play hard in the afternoons and evenings!

All in all, BOSS courses offer you the chance to get the most out of your time with us and to develop as a person. Not only will you have lots of fun, improve your English, see wonderful places and make lots of great new friends, you will really broaden your mind, grow in confidence and learn to become independent.

Academic Programme

BOSS adopts a learner centred approach and the content of our Academic Programme is carefully prepared by our Academic Team on the basis of each students' individual assessment and needs. All of our classrooms are equipped with smart boards and with a maximum class size of 15 and levels ranging from beginner to proficiency, our course is planned so that a sensible balance between academic and non-academic activities is maintained. We like to educate our students, but also to keep them motivated and never bored.

The objective of our Academic Programme is to strengthen and improve our students' English by consolidating what knowledge they may already have of the language. The outcome will then be the opportunity to take the Trinity College Spoken English Exam, which all students will take on the last day of their stay at BOSS (minimum stay 2 weeks).

The Trinity College Spoken English Exams are well suited to summer schools as they give direction to short courses and provide an outcome to the course. Everyone can be successful at their own level and all students who pass will go home with an internationally recognised certificate and a feeling of accomplishment as well as making your teacher and parents happy!

A Slice of Britain

Our 'A Slice of Britain' lessons allow our students to develop knowledge of British culture, traditions and customs as well as improving their language skills. We encourage discussion and participation in these interactive lessons and use practical means wherever possible, for example, cooking and eating British food, making their very own British-style movie and by participating in English customs during their lessons. Therefore, our students will not only improve their English whilst learning about Britain, they will also experience and participate in British customs and traditions first-hand!

Activity and Excursion Programme

Our Activity and Excursion Programme for 2017 involves learning through participation and a lot of fun! Our programme is carefully planned to ensure that no moment passes without learning and that every minute is packed with fun. Our programme consists of two full day excursions (Wednesday and Sunday) and two half day excursions (Tuesday and Saturday) per week visiting places such as London, Brighton, Hastings, Oxford, Cambridge, Canterbury and more.

When we don't have excursions we have a full range of onsite activities in the afternoon including sports, arts and crafts, drama and music as well as exciting activities every evening that involve all students together as they compete in a variety of challenges and shows. Think music, mess and mayhem!

Please visit our website for a sample Activity and Excursion programme.

With our own fleet of coaches and minibuses, we are able to be flexible when the British weather changes our plans without asking us!

Buckswood Woodland Activity Centre

We do not offer Wi-Fi 24/7 at BOSS so put down your iPads and mobile phones and take a walk up the road to Buckswood Woodland Activity Centre.

The ideal venue to satisfy your thirst for adventure, Buckswood Woodland Activity Centre will challenge you and help you to discover the adventurer within. Every adventure starts with one step and whether you dream of climbing Mount Everest or swimming across the English Channel, Buckswood Woodland Activity Centre can be that step.

Following our belief that true learning comes from “face-to-face” interaction rather than “Facebook” interaction, the Buckswood Woodland Activity Centre takes the next step in offering you the opportunity to achieve and develop your confidence and self-esteem. From shelter building to paintballing, every activity has been designed by educational adventure experts who know how to push you to your limits through hands-on learning experiences in a challenging but safe environment.

Environment

The BOSS campus is an eco-friendly campus where each student is encouraged to learn and to understand the importance of the environment in which they live.

Buckswood, the home of BOSS, has recently undergone an “eco-makeover”. We have installed biomass boilers which allow us to reduce our carbon footprint. We have also installed solar panels around the campus so much of Buckswood’s energy now comes from the summer sun.

Food

Our chefs cook at Buckswood all year round, serving our meals in our family-style dining room.

Buckswood has the ‘Food for Life’ certificate which was awarded to our chefs for cooking healthy, fresh meals from locally sourced products.

Our chefs are always around and can cater for any dietary requirements. They are part of the ‘Buckswood Family’ so you can talk to them any time about food, arranging a dinner party or even just to practise your English!

Health and Safety

Our nurse is on call throughout the week in our very own onsite surgery to arrange any necessary health care for students who may not be feeling 100%.

To add an extra safety blanket, each member of BOSS staff is First Aid and Child Protection trained and the local hospital is just ten minutes away.

Our House System

Within the BOSS Family we have several smaller families who together make up our House System. Each house has a House Tutor who will welcome our students into their houses and provide them with all the care that they need during their stay. Our House Tutors will be our students' first point of contact and the person our students should turn to for advice or assistance. Having said that, students may also speak to any member of staff who all live onsite to provide that extra level of care and attention.

Our House System provides our students with a "home-from-home" environment that will help each of them to learn and grow as individuals and as leaders. Without realising it, everything that our students do is a valuable life lesson that will help them to develop under the close mentorship of our House Tutors.

The comradeship and sense of belonging that grows within our House System naturally encourages our students to work together with each other, to do their best and to succeed with pride in all that they do.

Each house is unique and offer single, twin, triple or quadruple rooms, the majority of which are now en-suite and each room has a bed, a desk, a chair, a wardrobe and drawers.
